VANGHAT LODGE, MARCHULA ●

THE "VANGHAT" EXPERIENCE

This experience is sure to take us back to the early 20th century and how we use to explore the wonderful jungles and landscapes. It's a basic lodge in the wilderness in one with nature. There is plenty of wildlife around including tigers, elephants, leopards, otters along with thriving birdlife.

BIRDER'S DELIGHT

When at Vanghat since we will be exploring on foot a large part of the focus will be on birding. The program does offer jeep safaris when staying at the next lodge. There is a wonderful bird hide which attracts Red-billed Leiothrix, Blue-winged Minla, Blue-throated Barbet, and a variety of woodpeckers.
